

MARK JOSEPH

RE-ELECT

American Canyon City Council

Leadership Experience . . .

- Degree in Public Administration
- Over 30 years in local government
- Former Finance Director, City Manager
- Council member since 2010
- Vice-Chair, Napa Valley Transportation Authority (NVTA)
- Leadership Roles in Community Nonprofits: Arts, Kiwanis, RFL
- 2007 Gateway Award Winner, City of American Canyon
- 2016 Labor Partnership Award
- Napa Climate NOW's 2022 Climate Champion

Four Years of Progress . . .

Growth & Prosperity

- Watson Ranch Plan adopted and construction has begun
- Broadway District Plan adopted. We have 1 Hotel under construction and 2 more in the works; restaurants and other retail projects are opening
- Building affordable and market rate housing for all; exceeding our State requirements
- Industrial Growth and Jobs: Amazon, Ikea, and more

Traffic

- Devlin Road Complete
- Soscol Junction Overpass under construction
- Highway 29 Corridor Plan moving forward: environmental review is next
- Creative solutions to build the Newell Extension to South Kelley
- Local Road Repairs scheduled annually

Water

- Recycled water is a key part of our current strategy; Sites Reservoir is our long-term water supply solution
- City's Water App lets you track your water usage, helps you save water and identify leaks (<https://bit.ly/3BT2yrN>)
- New Recycled Water/Home Delivery Service saves millions of gallons of potable water each year
- We use less water now serving 20,000 people, than in 2005, serving 14,000 people (3,400 Acre Feet/Yr. vs. 2,600 today)

And New Priorities . . .

Traffic will always be the top priority, but new concerns are on the horizon, and they need our attention.

- **Climate Action:** We need to make this a priority for both the Council *and* the Community. Passing a Resolution is only the beginning!
- **Governmental Accountability:** To ensure success, we need clear and transparent data that tells us how well we're doing and how we can improve. We need to monitor our financial condition and spot problems *before* they happen!
- **Groom our next generation of Leaders:** With term limits in place, we need to "build our bench" and encourage more people to get involved and learn about the City *before* they run.
